

1. **Issue/ Bug Report:** Out of many issues few prime issues are:

SL No.	Path/ Module	Issue name	Issue Description	Priority	Status	Tested By	Date	Remarks
1.	Few pages (Support, About etc)	Localization Issue	All pages of the site are not properly localized in bengali yet	Medium	New	Sadia	17-10-24	
2.	Upper Menu bar > Click Edit profile > Edit profile page	Profile picture uploading issue	There is no option provided in the edit profile page to upload the photo.	High	New	Sadia	17-10-24	

## 2. Test cases for some of the plugin's functionalities:

SL no.	Module/ Tag Name	Test Case	Steps	Expected Result
1	Login	Verify if users can log in successfully.	Enter valid credentials on the login page.	Successful redirection to the account dashboard.
2	Theme Directory	Verify if users can browse themes.	Go to "Themes" section, scroll through the available themes.	Themes are displayed with workable preview and download options.
3	Theme Upload	Validate users can upload their custom themes.	Use the theme upload option.	Theme is uploaded and available for preview.
4	Plugin	Verify if users can search for and download plugins.	Search for a specific plugin.	Search results show relevant plugins, with download options available.
5	Documentation	Verify the search functionality in the support documentation.	Enter a keyword in the search bar.	Relevant documentation appears in the results.
